4th Street Reconstruction Project Construction Beginning February 28th, 2022

Attention Residents

Rege Construction, Inc. is under contract with the City of Cloverdale for the 4th Street Reconstruction Project. The area of work will include but is not limited to: 4th Street between N. Jefferson St and the dead end east of Josephine Dr as shown on the below map. Construction is scheduled to begin on February 28th, 2022, with an anticipated completion of May 2nd, 2022.

The work will consist of the removal and replacement of existing asphalt and portions of the curb and sidewalk, replacement of 15 water services, and lining two sewer manholes.

Construction signs and changeable message boards will be posted. Construction hours are **8:00 am to 5:30 pm**, Monday through Friday.

While we will make every effort to maintain full function and access of the roadway, slight delays should be expected. While it is our commitment to work as efficiently and consistently as possible, minimizing disruption, please note, construction is weather dependent, and all dates are subject to change.

We appreciate your cooperation and patience during construction. Rege Construction, Inc. will make every effort to address any concerns of those affected by this work. Although temporary impacts to the area are inevitable, our goal is to improve 4th Street for the community. Please feel free to contact us at the number listed below with any questions you may have.
